

## Summer Internships

**Corporate Profile:** Hana Biosciences, Inc. (NASDAQ: HNAB) is a South San Francisco, CA-based biopharmaceutical company focused on acquiring, developing, and commercializing innovative products to strengthen the foundation of cancer care. The company is committed to creating value by building a best in-class team, accelerating the development of lead product candidates, expanding its pipeline by being an alliance partner of choice, and nurturing a unique company culture. Additional information on Hana Biosciences can be found at [www.hanabiosciences.com](http://www.hanabiosciences.com).

**Overview:** Our paid internship assignments entail intensive 6-12 week summer programs for undergraduate and graduate level students. Interns will have the opportunity to work and learn side-by-side with experienced biotechnology professionals on projects and topics related to Finance, Clinical Trials, Data Analysis, Regulatory Affairs and Chemistry/Manufacturing Processes. The hands on experience should enhance the intern's life knowledge which can be complementary to their academic future.

**Program Highlights:** Internships are paid positions commensurate with experience level. Interns work closely with professionals on projects, collaborate on abstracts and/or clinical papers, and receive hands-on career experience for personal development. Eligible interns will have opportunities to be considered for full-time positions with Hana Biosciences.

**Reporting Relationship:** VP or Director of Hiring Department

**Application Process:** Submit a letter of interest to [stacey.robinson@hanabiosciences.com](mailto:stacey.robinson@hanabiosciences.com). Qualified candidates will be notified directly by the hiring manager to arrange an initial telephone interview. In person interviews will be conducted when feasible and are conducted similar to full-time employees interviews.

**Requirements:** Students must be enrolled as a full-time undergraduate or graduate student in an accredited degree program related to our primary research efforts at the time of internship participation and have solid academic standing (GPA = 3.0 or above)

To apply for a summer internship please submit your letter of interest to [stacey.robinson@hanabiosciences.com](mailto:stacey.robinson@hanabiosciences.com).
